

## Experience the Difference at The Compounding Center

It's been a honor serving our community for almost 40 years! We've learned the best way to make a difference in our patient's lives is to offer personalized care, whether that is for medical equipment or custom compounded medication.

Visit us for sport injuries, surgery recovery or for products to keep you independent and in your own home. Our experienced and knowledgeable staff are here to help you select and fit the right product for you.

We find out what each individual's needs are, then offer solutions, properly fit the patient with the product, and educate them on it proper use.

Thank you for allowing us to spend the time with each of you to keep you independent, confident and healthy!

## What is Compounding?

In addition to medical supplies, we also provide custom compounded medications to meet each patient's individual needs. Let us help solve your medication problems.

- Allergies to "filler" ingredients found in mass produced drugs.
- Medication needs to be in different dosage form (liquid, capsule, cream, etc.).
- A pet needs a flavored dose for easier administration.
- Medication is not commercially available or not available in the dose needed.

# Get relief with compression therapy

- Varicose veins
- Tired, achy legs
- Enhanced sport recovery
- Swollen ankles and arms
- Deep Vein Thrombosis (DVT)
- To help prevent blood clots after surgery
- Sitting or standing for long periods of time
- During pregnancy to prevent varicose veins
- Improve blood flow during long trips

## We offer various sizes, styles and strengths in stock.

- 15-20mmHg
- 20-30mmHg
- 30-40mmHg
- 18mmHg
- Knee high
- Thigh high
- Waist high

We are happy to discuss the difference in the socks, and how to get them on and off.

Compression garments can be challenging to get on and off. To make it less of a struggle, check out our assistive device videos on our website:

We offer easy on and off compression therapy alternatives including Juxta-Lite.

## Keeping you moving

Don't let surgery or age keep you from enjoying life! We have plenty of ambulatory aids and accessories to fit your personality and your needs:

- Wheelchairs
- Transport chairs
- Power wheelchairs
- Scooters
- Lift chairs
- Rollators
- Walkers
- Canes
- Knee rollers
- Crutches

## Rentals Available

Do you need medical equipment for a short time for recovery, family visits or a trip that requires a lot of walking? Ask about renting:

- Wheelchairs
- Transport chairs
- Walkers
- Knee rollers
- Breast pumps
- Nebulizers

## Supporting you

Sometimes life throws us curves and we need a little support to help us through injuries, repetitive motion, wear and tear or just plain genetics.

We have you covered from head to toe:

- Cervical collars
- Shoulder supports
- Arm slings
- Tennis and Golfer's elbow
- Wrist splints
- Carpal Tunnel braces
- Thumb supports
- Abdominal binders
- Rib belts
- Hernia supports
- Back supports
- Knee braces
- Ankle braces
- Ankle boots
- Orthotics
- Post op shoes

## And so much more

- Nebulizers and accessories
- Wound care products
- Incontinence supplies
- Physical therapy and recovery
- Ostomy supplies and catheters
- Breastfeeding supplies
- Blood Pressure monitors
- Pulse oximeters
- Aids for daily living
- Cast cover solutions
